WARRANT FOR TOWN MEETING

To the inhabitants of the Town of Fremont in the county of Rockingham in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Fremont Town Hall in said Fremont on Tuesday the eight day of March next at ten of the clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officers for the ensuing year.
2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.
3. To hear the report of the Budget Committee and take such action as the Town deems necessary.
4. Upon petition of ten (10) or more legal voters: To see if the Town will raise and appropriate the sum of $500.00 for the support of the Ray-Fre Senior Citizens Center.
5. Upon petition of ten (10) or more legal voters: To see if the Town will raise and appropriate the sum of $130.00 for the support of the Exeter Children and Youth Project.
6. To see if the Town will vote to allocate, appropriate and authorize the withdrawal from the Revenue Sharing Fund, established under the provisions of the State and Local Assistance Act of 1972, for use as a set off against budget appropriations in the amounts indicated; and, further to authorize the Selectmen to make pro rata reductions in these amounts if estimated entitlements are reduced or take any other action hereon.

Appropriations	Amount
1. Fremont School District – 1972 Bond Issue (Partial Payment of Principal)	$8,000.00
2. Ray-Fre Senior Citizens Center	350.00

7. To see if the Town will vote to raise and appropriate the sum of $850.00 for the purchase of a snow plow wing for use by the Road Agent.
8. To see if the Town will vote to raise and appropriate the sum of $10,000.00 to be deposited in the Class A Pumper Fire Truck Capital Reserve Fund established in 1976.
9. To see if the Town will vote to raise and appropriate the sum of $875.00 as its share of a project to provide ten (10) additional Radio Monitors for use by the Fremont Fire Department. Matching funds for these monitors will be provided by the Fremont Fireman's Association.

10. To see if the Town will vote to accept the bequest to the Town of Fremont given in the will of Lillian E. Frost in the sum of One Thousand Dollars ($1,000.00) to be used by it to provide equipment or maintenance for the Fremont Fire Department and to authorize the Selectmen to administer these funds for the benefit of the Fremont Fire Department.
11. To see if the Town will vote to grant to Stephen R. and Michelle Smith a right and easement to travel by foot or by vehicle from Main Street over the Town Hall property in the area of the driveway and parking lot to obtain entrance to their existing garage; subject to the right of the Town to temporarily block said easement area from time to time with cars parked there and to authorize the Selectmen to execute such a right and easement on behalf of the Town.
12. To see if the Town will vote to authorize the Selectmen to sell property acquired by Tax Collector's Deed at Public Auction.
13. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
14. To see if the Town will vote to authorize the Selectmen to apply for, contract for, accept and expend aid from Federal, State and County governments in connection with future Manpower jobs programs for the economically disadvantaged in such sum or sums as may become available.
15. To transact any other business that may legally come before this meeting.

NOTE: In accordance with RSA 39:2-A adopted at the March Town Meeting of 1972 the first session of the Town Meeting for the consideration of the ballot articles will open on March 8, 1977 at 10:00 o'clock in the forenoon and will remain open until 7:00 o'clock in the evening. The second session for the consideration of the remainder of the Warrant Articles will be held at the Fremont Town Hall on Wednesday, March 9, 1977 at 8:00 o'clock in the evening.

Given under our hand and seal this 15th day of February, in the year of our Lord Nineteen Hundred and Seventy Seven.

SELECTMEN'S REPORT

This Bicentennial Year has been one of great satisfaction to the Selectmen as the people of the Town have shown a great deal of the old time community spirit in sponsoring the various activities during the past year.

Our thanks go to all the individuals who through their untiring efforts have made possible our most successful Bicentennial Parade and the festivities that went along with it. This will be a day long to be remembered since it was truly a community effort. Another indication of the true spirit of voluntary participation was demonstrated when a group of our Townsmen formed a work team and completely painted the outside of the Old Meeting House as their contribution to the Bicentennial celebration. Saving the Town considerable expenses for this much needed repair to this historic building. During this past year the Town has been provided with a new Town Bulletin Board which was constructed and lettered by your fellow Townsmen as another indication of their Bicentennial spirit.

As usual much volunteer work has been expended to make our Little League field a place of which the whole Town can be proud as it is a better place in which to hold the activities of our youngsters.

Many dances and dinners have been sponsored during this past year to provide extra support for our Police, Fire Department, Bicentennial Activities and Little League Program. The Fremont P.T.A. has continued to run their Thursday Beano to raise funds to supplement the support of the school program at the Ellis School.

Although not in the spirit of the Bicentennial, credit should be given to our Police and Fire Departments who during this past year have demonstrated a high degree of efficiency in performing their required duties. If it were not for the dedication of all of the men involved with these operations our Town would not be the pleasant place it is in which to live.

REPORT OF THE ROAD AGENT

In preparing my Budget for the year 1977, I have found that the cost of maintaining the 40 miles of roads in Fremont totals approximately $542.92 per mile, for this year.

This includes the extensive repairs to the bridge on Sandown Road at Vining's Market, the bridge at Turner's Dam, the grading and tarring of Chester Road, South Road and upper Sandown Road, the relocation of culverts on North Road, the removal of various trees around town that were dangerous, and the grading of 15 to 20 miles on the sides of roads for better drainage and strengthening of the shoulders of the roads. Preliminary work was done on North Road to eliminate washboard areas, and in the near future this road will be resurfaced. However, since this is designated a scenic road, no major alterations will be made.

In arriving at the above figure, I find that equipment and labor costs have remained fairly constant, but the costs of materials, such as asphalt and other materials related to highway upkeep, have increased at an alarming rate. Therefore, in an attempt to keep my Budget request at a reasonable figure, I have set up a rotating road system for the repair and upkeep of the Town's roads, utilizing the TRA funds to the best advantage.

During the winter I have purposely kept the use of salt to a minimum in an effort to save as many trees as possible.

Some of the things I plan for this year are installing safety guard rails at Boggs Bridge, Peterson's Road Bridge, and Leavitt Road Bridge, clean all the culverts, clean and grade the sides of all roads, remove dead or dangerous trees, and remove all boulders. This will allow for better summer and winter maintenance. I would also like to erect street identifying signs in town if the funds are available, as well as replace or relocate any traffic signs that need attention.

I would like to call attention to the Riverside Drive area and the real need of some type of action to be taken by the Town and the residents of that area. The roadways, as they exist, are too narrow and have no areas for turning. In attempting to remove snow on these roads and in grading them to make them passable, I have been strongly criticized by individuals for putting snow on their property, or grading on what they feel is their line, in an effort to keep the area accessible for them and for emergency equipment, if needed. The longer this situation is ignored, the longer it will exist.

I would like to thank the residents of the Town of Fremont for their continuing support in my efforts to do a good job as their Road Agent.

Respectfully submitted,
Leon F. Holmes, Sr.
Road Agent

REPORT OF THE FREMONT FIRE DEPARTMENT

It is with a very heavy heart, that I submit to you my first Annual Report. As you well know, Chief Clarence (Phib) Philbrick passed away while fighting a fire at the Spaulding & Frost Company on August 17, 1976. His passing was a great loss to the Fire Department, and the town in general, but an even greater loss to me, as a good friend and trusted employee, for over forty years. It is pretty difficult to lose someone like that, he is greatly missed.

The department responsed to forty-seven fires, or public assistance calls this year, an increase of five calls over last year. Four of the structural fires were of suspicious origin, which reflects on all of us in the cost of our insurance. These fires are all under investigation by the Rockingham County Sheriff's Department, and Fire Marshall's office, with an arrest possible in the near future.

We are getting a lot of unnecessary calls on the fire phone. This

phone is for reporting a fire ONLY. For information, or Fire Department business, I can be reached at my business (895-2561) or my home (895-2940). For burning permits, you can call any of the Forrest Fire Wardens listed in the front of this report.

In 1981 our first line and only pumper (five-hundred gallon per minute rating) will be twenty years old. There is some question about the Insurance Underwriters requiring another new pumper of greater capacity, or the possibility of retesting our existing pumper, and how long they would approve it for is in question.

It is my recommendation that we purchase a new pumper to have in service prior to 1981, of a larger capacity, possibly one-thousand, or twelve-hundred and fifty gallons per minute, equipped with enough four inch hose to reach from the Old Boston and Maine well, to the Colonial Rest Home, Ellis School, and Church. We have a Capital Reserve Fund started for this purpose, but the cost of fire equipment is going up at a rate faster than the amount of money we are putting away. I estimate the cost of this truck at about $55,000 at this time. I guess it leaves us between higher insurance rates, or higher taxes.

I would like to take this time to thank all of the officers, and firemen for their assistance they have given to me in my transition to Chief, and the excellent job they did in stopping the fire at the Spaulding & Frost 40 lb. shop. Also, saving the house at the Nathanial Brown barn fire, as well as keeping the damage at Turner's mill to an absolute minimum. Thanks fellers, you have done a job to be proud of.

The following is a list of fires the department has responded to in 1976.

REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Since its beginning in 1893, the State Forestry Department has recognized the fact that forest fire prevention and suppression is a joint state and town or city responsibility. Local authorities recommend names of persons to the State Forester, who appoints one person as town or city fire warden and several other persons as town or city deputy fire wardens to a three year term.

The local forest fire warden controls the kindling of all outside fires, when the ground is not covered with snow, by issuing a written permit for kindling a fire. Permits are only issued at such times and in such places as the fire warden deems as safe.

The State Forest Fire Service trains the local forest fire organization in modern forest fire prevention and suppression tactics. The State also provides backup personnel and equipment for suppression and prevention activities.

The combination of State and local forces has resulted in one of the smallest acreage loss due to forest fires in the United States for the past 20 years.

REPORT OF POLICE CHIEF

The Bicentennial year of 1976 was a busy year for every one as well as the Fremont Police Department. I feel everyone enjoyed our Bicentennial parade and activities that followed.

Many extra hours were put in this year especially during the summer months on road patrol. Several citations were given and the violators taken to court. There were four acts of breaking and entering committed. The individuals responsible for two of these acts were arrested and the articles taken were all recovered.

Be advised one of the individuals arrested, in company of a female companion, was a fugitive wanted in Massachusetts and Rhode Island for breaking and entering and for shooting of a Police Officer. I might add a letter of commendation was received from Governor Melvin Thompson on this case.

The new Police Station in the basement of the Town Hall is just about finished. We have acquired an additional portable radio and

charger from the Governor's Commission on Crime and Delinquency which brings our available portable radios to two. Application to this commission has been made for office furniture to equip the station.

The money received from our dances made it possible for us to equip all our radios with Fire crystals to enable better cooperation between the police and fire departments. I would like to thank all the individuals for the help we received making the dances a success. We hope to hold more in the future.

I would also like to thank all of the men of the Department for the excellent job they have done again this past year.

Respectfully submitted,
Fred O'Brien, Chief of Police

REPORT OF BUILDING INSPECTOR
TOWN OF FREMONT
Year Ending December 31, 1976

There were five permits granted for new homes during the year of 1976. All of these permits were for single family units.

Seven permits issued were for either new structures, alterations and/or upgrading present buildings involved in business or manufacturing. One Unit, still underway, to be a private kindergarten.

There were thirty-nine permits issued for all work. These covered from an in-ground pool to renovating homes, additions to present buildings, etc. to three mill-plants. Thus reflecting a well modulated growth for the future of the town.

The reason for building codes are basically for the safety and good being of all people, not only for others, but for themselves as well.

All installations for venting the products of combustion are to be inspected by the Fire Chief or representative. This is in addition and apart from the regular building permit. Please check codes before erecting that new chimney for your wood stove!

I wish to thank all of you for the fine co-operation given me during the past year.

Kenneth Shute
Building Inspector

REPORT OF TOWN AUDITOR

February 14, 1977

The Selectmen
Town of Fremont
Fremont, New Hampshire 03044

Gentlemen:

I have examined the accounts of the following Town Officers: Town Clerk, Tax Collector, Treasurer, Selectmen and Trustee of the Trust Funds of the Town of Fremont, New Hampshire for the calendar year ending December 31, 1976.

We noted that the application of Revenue Sharing funds lists $18,600 as a capital expenditure for education. Actually, this money was applied to the principal of debt due in 1976 by the School Department. I question the propriety of this allocation since this capital expenditure was made in prior years.

The rental book covering rents received for use of the Town Hall lists total receipts taken in of $116.00. However, only $42.00 of this amount was paid over to the Town Treasurer on May 13, 1976. I understand the balance of these receipts will be paid to the Treasurer during 1977. I suggest that, in the future, receipts should be paid over monthly to the Town Treasurer and none be held over at the end of the year.

Except for the items mentioned above, all vouchers were accounted for and all accounts were found complete.

Respectfully submitted,
Herman Ostendorf, Town Auditor

REPORT OF THE LIBRARY TRUSTEES

1976 has been a year of steady growth in the use of your library. The Town appropriation has paid a salary of $929.20; $294.02 for books, $245.80 for heat and light, $48.00 for grounds and $18.58 for supplies.

The Trustees extend their thanks and those of the Town to the Community Club and to other donors of Memorial gifts and to all those who contributed current books, reference books or cash so that our library continues to improve. We also thank the many who gave time and effort to keep us neat, attractive and comfortable. Above all everyone thanks Helen Seavey for all she does as librarian and as a friend.

The library now offers a well-rounded reference collection and fiction for all ages. The State Library Bookmobile brings in a wide variety of books twice a year so that even the heaviest readers usually find something new to enjoy. Other services this year are an expanded collection of paperbacks, patterns for sewers, current magazines and the N.H. Times.

The Trustees held a Library Open House and Sale as part of the Town's Bicentennial. We offered for sale duplicates, discards, and the best of the books left in the former library. The remainder we sold to dealers, gave to libraries or prisons or sold to Mr. Wool. The extra income provided more books as shown in Mrs. Seavey's report.

REPORT OF THE FREMONT CONSERVATION COMMISSION

The Fremont Conservation Commission had an active Bicentennial year starting in March with a Wild Life Scrub and Tree program at which orders were taken and two song bird films were shown. A similar Wildlife program will be scheduled for the spring of 1977.

The Commission celebrated Arbor Day planting a maple tree at the Ellis School, assisted by the younger children who pitched in with enthusiasm. A blue spruce tree was also planted at the Library to replace a dead lilac.

We wish to thank the volunteers who assisted in the work of stabilizing the river bank at the Memorial Park by applying wood chips and who also helped spread top soil for lawn preparation. Two more arbor vitae trees were planted near the flagpole. More flowering shrubs and shade trees are planned for future park improvement.

Special thanks are also given to Bob Rydeen and Philip Peterson who spent many hours building the conservation float seen by all in the Bicentennial Parade.

SUPERINTENDENT'S REPORT

The management of public education, as well as, the management of many other institutions is experiencing rapid changes. Newly enacted federal and state laws, as well as current interpretation of old laws, are slowly eroding the school board's authority to manage the schools.

An example of this trend is the newly enacted State of New Hampshire Employee Labor Relations Law.

Probably more than any other law in the past several years, this new state law has had, or will have, a major impact upon the school board's managerial role in running the schools.

According to this new collective negotiations law the teachers or their chosen representative now have the legal right to share the management of the school system.

This simply means that:

1. Public employees (teachers) now have the legal RIGHT to organize for the purpose of bargaining with school boards.

2. School Boards now must bargain with teachers and put in writing any agreement reached, including a grievance procedure.

3. Both parties now must make a "good faith" effort to reach agreement.

4. The topic of negotiations now shall be TERMS OF EMPLOYMENT which simply means wages, working hours, working assignments and any other condition of employment (this could conceivably mean anything pertaining to the management of the schools).

If schools continue to maintain reasonable teachers' salaries and also maintain suitable working conditions, probably no serious problem will be encountered in complying with this new legislation. On the other hand, if these two conditions are not maintained, conflict is inevitable. Let us hope that in Supervisory Union No. 14 all districts will continue to maintain reasonable teachers' salaries and suitable working conditions.

Principal Standen's annual message focuses upon the special program now being conducted in Ellis School. He reports:

In an attempt to keep the citizens of Fremont informed as to some of the special things going on at Ellis School, I have asked our three special teachers to outline what goes on in their individual areas. These teachers are: Mrs. Margaret Blackwell, remedial reading; Miss Susan Shostak, learning problems and Mrs. Donna Baroody, speech and language program.

The special reading program was developed to help individuals and small groups of children with their reading problems. The students were initially selected by their scores on the National Achievement tests, recommendations by the teachers and parental requests. The first step in the program is to test the students with individualized reading tests. These tests break the reading down to its individual components giving

a grade placement score for each component. Once the problems and reading grade placement have been determined, the children are grouped accordingly. The materials used are new and are changed periodically which is important for motivation and interest. At the end of the program the children are retested with the same tests used at the beginning in order to evaluate progress.

The present learning problems program is designed to identify, evaluate, and plan remedial programs for those students having learning problems. Visual problems (i.e., reversals), auditory problems (i.e., memory), language problems (i.e., low vocabulary), and motor problems (i.e., coordination) constitute the major areas dealt with by the learning problems specialist.

The initial step for determining a child's elegibility for participation in the learning problems program is usually by a referral from the child's classroom teacher. However, referrals also may be initiated by the school nurse, principal or parent. The referral consists of the following sections: findings from cumulative records, a behavior rating, and an auditory, visual and motor ability checklist. The school nurse records the results of vision and hearing testing as well as any other pertinent information. A remedial reading or speech evaluation is included if the child is seen by either the reading or speech teacher.

At this point, the learning problems specialist reviews all information in the referral. From this it is decided which tests are appropriate to administer for evaluating suspected problem areas. From the testing, specific problems are identified. Now, a program is written by the learning problems specialist designed to meet the needs of each child. This program identifies specific learning problems and remedial goals to correct problem areas.

All test results, assessment, observations and goals are reported and included as the final step of the referral. The referral is then included in the child's cumulative folder.

According to the present project description, it is our goal that, "60% of the children in the learning problems program will increase their growth rate by 40% in the areas of reading, math and spelling." The growth rate is determined by first administering a Wide Range Achievement Test (WRAT) in September (or upon entering the program) and again in June (or upon dismissal from the program). The two scores are compared and the amount of growth that occurred is determined.

The Speech and Language Program is an "incorporative" one in that language is utilized as a stimulation for correct speech production. Identification of speech and language difficulties comes from past referrals (those who received speech therapy the previous year) and present referrals (by teachers or parents).

The tests administered to determine whether or not results warrant therapy enrollment are: The Arizona Articulation Proficiency Scale (used to determine articulatory errors), and The Peabody Picture

Vocabulary Test (to quickly determine language acquisition and development). These two tests, incidentally are the two major tests used as a quick screen to determine criteria for therapy enrollment. A deep test, the Test for Auditory Comprehension of Language, (Elizabeth Carrow), is then administered to detect the language - deficit areas. This test is VERY specific.

Respectfully submitted,
Francis C. Wilson
